

## New Level 1 Facilitators Highlight

On June 23, 2009 we conducted a Level 1 Facilitator training for new facilitators at **Daw Construction Company** in Draper, Utah. Daw implemented the Daily Dose English and Safety Program for the first time in their company.

Pictured here are Ben Murie, Curtis Cutshaw, Glyn Roberts, and Jayson M. Reed, the newest Level 1 Certified Facilitators. Congratulations to Daw Construction for ensuring a safe work environment for all their employees!

*According to Karen Loyborg at Daw, "Our facilitators have been holding huddles for four days now and they report that things are going well. They feel like it will take some time and some repetition, but that it will be a helpful tool for our workers."*

## Daily Dose Learning Systems Releases New Products

Our development team is ready to release Levels 2-4 of the **General Life Skills Series** on August 1, 2009. This four-part series is designed to help people develop English while learning basic life skills. For instance, this series includes topics such as *Using Public Transit, Visiting the Doctor, Being Punctual, Applying for a Loan*, among others. These topics give the learner confidence in using English for everyday situations that native English-speakers take for granted.

The **General Life Skills Series** consists of four levels, each level introducing topics more advanced and complex in nature.

This is an ideal match for those organizations working with immigrants and refugees of any nationality or native language. The individual Learning Suites within the series may be purchased separately or as a series.

More information can be obtained at **800-672-8935** or by emailing us at [info@dailydoselearning.com](mailto:info@dailydoselearning.com)

**Learning Suite Topics for General Life Skills**

Daily Dose Learning Suites are part of a revolutionary language program designed specifically to develop both English and general life skills in your community. The **Daily Dose English Program** currently offers four learning suites, each containing 12 essential topics that support the development of general life skills. Each suite is a complete language program, designed to improve knowledge and skills in important day-to-day tasks. Our current list of available suites includes:

Better English, Better Results.™

## From the Inside of Daily Dose

### Our Values

*We value excellence and integrity. We expect our employees to be goal-oriented for personal and company success. We work for a common good helping people develop language and job skills. We believe in encouraging diversity, always being fair and respectful to the rights of others.*

Daily Dose Learning Systems

Since 2001

Here at Daily Dose, we truly care about the **safety** of all employees. We talk about it often and it is a key motivating factor for our work. Our team consists of people who desire a better, safer work environment made possible by better job skills and language skills. Hence, we love our motto, "Better English, Better Results."

We are beginning to design a program for those who want to learn **Spanish**. We have the capability and expertise in-house to make this happen. We are currently looking for individuals and organizations that can sponsor or participate in a steering committee. Please let us know if you're interested in participating in the design of this suite.

---

## Training & Certification

We offer **Level 1** Facilitator trainings, which are two hours long. If you have a large group of Facilitators to train, you can save time and money by scheduling onsite training.

The **Level 3** CFT Certification (train-the-trainer) has been changed from a two-day to a one-day workshop. These are scheduled no more than once per quarter. Let us know if you would like to be notified of upcoming Level 3 Certification Workshops.

Contact our office at (801)228-2328 or via email [info@dailydoselearning.com](mailto:info@dailydoselearning.com) to let us know what type of training you are interested in, and we will help you register.
